Instructions:

1. Cut out the cover insert, on page 1, around the outer perimeter. Do not cut along the center.
2. Fold the cover insert in half, with the text on the outside.
3. Insert the cover insert in the CD case cover.
4. Cut out the tray insert, on page 2, around the outer perimeter.
5. The right-most long narrow title "tab", on the tray insert, is for CD case with a transparent tray. Remove this "tab" if the CD case has an opaque tray.
6. Fold the left and right long narrow title "tabs" to a 90 degree angle, away from the main tray cover portion. If the right-most "tab" is retained for a transparent tray, fold that "tab" 90 degrees again, away from the title "tab" next to it. The text should appear around the exterior of the folded cover, not the interior.
7. Remove the tray from the case.
8. Place the tray insert in the case.
9. Insert the tray, being careful that the title tabs are flat against the case.
10. Please appropriately discard this portion and the scrap bits of paper.

### The Odyssey

The Odyssey is one of the two major ancient Greek epic poems (the other being the Iliad), attributed to the poet Homer. The poem is commonly dated to between 800 and 600 BC. The poem is, in part, a sequel to the Iliad, and concerns the events that befall the Greek hero Odysseus in his long journey back to his native land Ithaca after the fall of Troy. It takes Odysseus ten years to return to his native land of Ithaca after ten years of war; during his 20-year absence, his son Telemachus and his wife Penelope must deal with a group of unruly suitors who have moved into Odysseus' home to compete for Penelope's hand in marriage, since most have assumed that Odysseus has died.

The poem is a fundamental text in the Western canon and continues to be read in both Homeric Greek and translations around the world.
